## We Can Ship Today!

Pellets LLC maintains a large inventory of blasting media and generally ships the same day an order is received. We can also consult with you on your blasting needs. Sample blasting work is available to help you select the best media for the finish you desire. We're located just outside of Buffalo in North Tonawanda, New York.

Pellets LLC also produces and stocks:

- ▶ Vibratory and tumbling equipment, media, and supplies
- ▶ Pellet Pins® for cleaning spent brass ammunition for reloading
- ▶ Stainless steel powder for various applications
- ▶ Blasting repair parts, hoses, shields, helmets, nozzles and more
- ▶ Low carbon steel shot for ballast (weight) for a number of applications, including for use in various types of containers and bags
